Colleague Question—Sanctions for Non-Compliance

I am working with the state staff from one of our states to gather resources for them. One of the concerns we all face is how to follow up with program after monitoring, especially if they do not follow up on corrective action plans.

Do you have solutions/strategy/policy for any or all of the questions below?

Please send responses to me at lmclendon@naepdc.org. Thank you for sharing your help.

- How do you sanction programs who do not meet compliance
 - What sanctions do you use
 - What language do you have in policy to explain sanctions?
 - What criteria do you use to determine when to use sanctions?
 - Post Monitoring:
 - What do you do if a local program does not submit a corrective action plan?
 - What do you do if they do not make progress on their corrective action plan
