National Adult Education Teacher Certification

NAEPDC and CoABE with support from McGraw Hill are exploring the development of national adult education teacher certification (s).

To that end, we are seeking two state directors and two state staff members who would be willing to serve on a National Adult Education Teacher Certification Workgroup. CoABE will identify two local teachers and two local directors who will be joined by national experts to round out the workgroup membership.

Workgroup members will meet face to face periodically with web meetings in between. All normal travel expenses will be paid by the project.

If you are interested in being one of the two state directors or two state staff members, please go to the url below and complete the two question application.
