High School Equivalency State Cost Data

The High School Equivalency Options Workgroup would like to collect state cost data regarding testing costs and funding sources, including how much the final cost to examinees will be.

Before Christmas, I tried to use Google Docs to collect this data but I fear it did not work too well. Ergo, I am resorting to known technology.

REQUEST: To that end, would you please download the attached EXCEL file, enter your state's data in Columns I, J, K, L; save the file and email it back to Lennox at lmclendon@naepdc.org

Thanks for your help. We will notify you when the compiled report is up on the website.

Happy New Year.
