High School Equivalency Examinee Costs

The NAEPDC High School Equivalency Assessment workgroup chaired by Bob Purga (NY) continues to collect and share information regarding the transition to the 2014 tests.

Cost to Students:

- **Attached** is the ever growing matrix that captures each state's activity. The Workgroup wants to add the assessment cost for examinees in each state (Columns K and L). Some states are able to reduce the costs to examinees in various ways.

REQUEST:

- **If you have already responded to our request for student costs (Columns K and L), thank you and check to make sure we have entered correctly. (Those responses are highlighted in yellow)**
- **If you have NOT responded, please provide the data for Columns K and L.**

ALSO, check the other data in the matrix and report any updates or revisions.

Send responses to Lennox at lmclendon@naepdc.org, subject "HSE costs"
